## Supervisors Split on Bills

### School Board Asks Tax Hike

After weeks of indecision on what to do with claims out of the depleted county general fund on the June docket, the board of supervisors at the conclusion of a lengthy session Monday voted 3-2 to approve them on the advise of board attorney Lucien M. Gex.

Voting aye on a motion by Beat 3 Supervisor Charles Lovingshouse, seconded by Beat 2 Supervisor I. M. Frerison was Beat 4 Supervisor James Necease. Dissenting were Beats 1 and 5 Supervisors Charles Russ and R. G. Hubbard, Jr.

A long and, at times, heated discussion followed between Gex and Hubbard preceding Lovingshouse's motion. Gex pointed to Sec. 3, No. 2935, of the 1942 Mississippi Code, Recompiled, which in part, stated in reference to approval of claims on docket and quoted "whether or not there is sufficient money in the several funds in which warrants must be drawn for payment", all legal claims must be approved and those effective by amendment shall be continued.

Hubbard contended the claims

could not be paid out of the depleted general county fund "because there is not enough money in it and how can we pay bills when we don't have the money to do so." He noted the state auditors had advised him the supervisors should allow only the mandatory claims, continuing the others. Gex took issue with this and pointed again to the statute quoted above.

After the motion was carried Hubbard directed board clerk Clifton L. Lerner to put his reason for voting nay into the minutes on the grounds he felt the action amounted to spending money not now in the general county fund.

Lovingshouse had observed earlier that something had to be done at this meeting and asked Gex whether the board should approve claims or hold them until the county would receive tax monies in October at the beginning of the new fiscal year. Gex advised that the legal claims should be approved then as the supervisors would be liable for them ten days after this meeting was over under their bonds, if that was not done.

Finances were the order of the day and members of the county board of education along with Superintendent Kenneth G. McCarty and attorney Walter James Phillips appeared at the request of the supervisors to settle the question of payment on a \$12,000 loan last year to purchase two new school buses.

Phillips explained that the first note of \$4,098.63 was not due until Oct. 24 and money was earmarked and ready to be paid.

He said another "two or three thousand" would be paid before the end of the calendar year and the balance of around \$1,000 at the end of the county board of education's fiscal year June 30, 1962.

Hubbard noted that \$8,000 had been budgeted for transportation

loan repayments for this year but none had been received and (Cont. on Page 6.)

### Old Hospital Due for Use By Retarded

Initial committee chairman for the Hancock County Assn. for Retarded Children were appointed last Thursday.

Warren Carver, president, pointed out that there is only a partial list of the complete committee structure of the group. Other appointments will be made later. Carver also announced that the board of supervisors has granted the association the use of the old King Daughters Hospital building for the proposed school for retarded children here.

Those appointed were Mrs. Louis Moreau, membership; Lloyd Lewis, program; Mrs. Joe Scharf, finance and budget; Leon Kennedy, school site; Mrs. G. S. Kennedy, survey and screening.

Others in attendance at the meeting were Mrs. Gladys Haas, Russell J. Elliott, Mrs. Estelle Depre, Chester Cuevas, Ed P. Ortiz, and Mrs. Bertha R. Grant.

**Two to 4-H Camp**

Attending State 4-H Conservation Camp at Checotah Lake 4-H Club Center July 26-29 are Maria Petersen of the Bay High 4-H Club and Lowell Merton of the North Central club. Local sponsor for this award to two outstanding 4-H'ers is the Hancock Bank.

## At Waveland

At the moment your reporter is probably better equipped to describe events occurring in 'them' Tennessee hills than local happenings, having just returned from an all too brief sojourn with the fond parents. In fact, if we could print some of the events currently occurring in Fernvale, we could easily fill several columns—but can't afford a libel suit, so, so will simply report that we were gratified to find Lala much improved since our last visit, and Tom in his usual fine fettle (Lala and Tom being the aforementioned parents). Another of our faithful readers, (of course she's a relative) which no doubt explains the faithful bit Sara Perkins, is looking and feeling fine as is Sadie—(Sadie isn't a relative—she's Sara's most disloyal Doberman—lovely animal, but a bit too snooty to associate with most human). One more Fernvale note before returning to local tidbits, get well wishes to another avid Echo reader, Gladys (Mrs. Sam) McCord who hasn't been feeling quite up to par.

## Guests And More Guests

Now back to Waveland in mind, as well as in body. Another bit we tend to so we're told—the John Moores of Harts Drive who are spending their two-week vacation here, had as their guests Mr. and Mrs. Clarence Chastain. Visiting the Sears Ave. Walters were their daughter, Mrs. Jonathan B. Fisher and children and Mr. and Mrs. T. S. Soles from California.

John B. Haney of New Orleans was a weekend guest of the Fr. J. Gerstners at Gerstner's Villa, Lionel, Jane, Lionel, Jr., and Janet were there also. The whole family celebrated Mr. Haney's birthday one day early (Sunday) with a barbecue and completed the evening at Lenfants.

Speaking of birthdays, Mabel and Tony Monti observed theirs (they're one day apart) a week late at the local bowling alley—Tony really did himself proud, he scored a 230.

The Edgar D'Aquins of Farrar Lane had a houseful over the weekend also. Tek and Louis Dumsers are vacationing at their Waveland home, Sunny Pines, on the corner of Central and Hillcrest. Daughters, Syd, will we kent with them with husband Rod Thompson and their three boys. The newest grandson, Daryl Scott, is 2 1/2 months old and is much admired by older brothers, Stephen and David. The Dumsers are looking forward to a visit from son Lou and family of Houston, Texas, soon. Belated but never-the-less sincere 45th wedding anniversary greetings to Mr. and Mrs. W. A. Gallinghouse who celebrated earlier in the month by attending the 50th anniversary party honoring Mr. and Mrs. Henry Schultz of New Orleans. Mr. and Mrs. W. A. Harris of Gretna, La., spent last Wednesday night with the Gallinghouses en route to their vacation home near Chipley, Fla. Mr. Harris and Mr. Gallinghouse are both retired from the Texas and Pacific Railroad.

Doris Wilday and Gloria Peterson have been taking the children to Fountainbleau Park to while away the long summer days picnicking.

## Welcome to Waveland

Welcome home to Mrs. Maude Greaves and Miss Kathleen Banahan who have purchased a home on Sears Ave. They formerly owned a house on Jeff Davis. Welcome also to Mr. and Mrs. Floyd Wallace who recently purchased the Moons' home on the beach.

Spending the day with Bootsie (or should I say Edwige?) Wolfe, and Jane and Brewster Moller Tuesday, were their sisters Mrs. Robert Horgan and Mrs. M. Anderson and a cousin, Mrs. M. Gresser of New Orleans. After sampling some of Brewster's latest delicacies they returned to New Orleans accompanied by little Emily Moller.

Helen and Will Bordages entertained at a seafood dinner last Friday night—the guest list included Carmen and Dan Kirschenauer, Dot and Ben Merchant and of course, numerous Wavelanders. J. F. Anderer, Jr., leaves Monday for Metuchen, N. J., where he will continue his theological studies.

Happy birthday to Bill Goelzen Uchter who was surprised with party at Haverty's last Saturday.

Ann and Henry Develle took youngest son Gary out to dinner for first time Sunday. He was a perfect little gentleman while they dined.

Pugs and Eddie Kingsmill and the twins spent the weekend at their summer home—they fished Sunday—Pugs caught a sunburn—others came back with fish.

## Church Fair Nears

St. Clare's Church Fair time draws nearer daily and all committees are working like mad acquiring materials for their booths... Fred Gerstner has already sold numerous books in the Cross City for the cause—he's now enjoying the second week of his vacation.

Deepest sympathy is extended to Louise and Dave Martley—his little grandson, David, III, passed away in New Orleans last Friday following cardiac surgery. Sympathy also to Mr. and Mrs. Jim—Mrs. Beam passed away suddenly last Saturday.

Billy Bourgois, formerly from our area, who now resides in Dallas, Texas, spent Sunday with Baby Love and Douglas Bourgois.

More new babies—Mary and Junior Breath are proudly announcing the arrival of a grandson, Charles Vickroy Balch, he was born Sunday—parents are Rusty and John Balch. The Kermans, Matt and Horace, have a brand new granddaughter—little Kergosien put in her appearance in a Houston hospital Saturday. Barbara and Phil Kergosien are the mama and papa.

## Dinner Compliments Two on Birthdays

Mr. and Mrs. Edward Virgilio entertained Tuesday evening at dinner in compliment to Mesdames Gladys Bethes and Lena Cuevas on the occasion of their birthdays.

A red and white color scheme prevailed. A red and white checkered tablecloth covered the table with red roses.

Guests included Bed Silos and Ellis Cuevas.

Rev. Dale Lyons celebrated his birthday July 16 as did Mrs. Martha Curtis, while Mrs. Mable McCoy's birthday was June 29. Son-in-law Al Voight of the Oaklands built a fine new driveway gate painted it, completed it with all hardware brought it over and installed it also—a very welcome gift of which she is duly proud.

Mrs. B.C. Smith, children Barney, Burleigh and Lynn, who have been vacationing with her parents, the Harvard Burleighs, left Monday with Major Smith who flew in last Tuesday to accompany them home to San Antonio, Tex. They stopped off in Baton Rouge to visit his parents, the Sinclair Smiths. The group spent Tuesday with another Burleigh daughter, Shirley, her husband S. J. Brassard and children in New Orleans.

Alice Hawkins reminds the folk hereabout to attend the revival at Lakeshore Baptist Church July 31-Aug. 6 where Rev. Jim Mitchell will be conducting services.

**Stork Is Busy**

The much fabled stork must be working overtime... Linda and Fred DeLoach's first born, a little boy, arrived at Hancock General Monday night... just can't wait to see grandpa Lester strolling down Coleman Ave. a grandchild in each arm.

The H. A. Bowlers roll on—Helen Bordages was high scorer last Monday, but Ruth Ballantin is still in possession of the lovely trophy—no one has equalled her 153 as yet! Doris Kloet who is a really finished bowler has been practicing at the local alley preparing for a tournament in Houston in August.

**Complaint**

The latest dirty trick being perpetrated in our locale is the removal of bridge books from unlocked glove compartments... Bridge attendants say they have no way of checking ownership of these books—so play it safe—either leave the books at home when not in use or lock your car.

More anniversary congratulations—Kate and Roy Sours were wed 20 years Wednesday. They observed the occasion a little early, Sunday night to be specific, accompanied by the Ballantines, Ruth and Mairi they took in the weekly smorgasbord at Sun and Sand.

Gert Robertson's lovely pool was the scene of a box-lunch party Wednesday... poor Gert missed son Harris' wedding to Betty Jane Hauser which took place in Bristol, Tenn., last week—a pesky virus kept her from attending. The young couple had a lovely honeymoon in Betty's uncle's houseboat—it was equipped to the nth degree with intercom, tv, and the like.

**On the Avenue**

Louise Lynch looking prettier than ever since the arrival of little Alice, who, incidentally was christened at St. Clare's Sunday. Elsie Klein, who had just dropped in for a brief chat with husband John... Faye Vaughn, looking a teeny bit weary following a two week visit from her twin... Gladys Bethes purchasing baby gifts for the Haverty grandchild, Calvin Phelps, one month old, who certainly is enjoying his retirement and is Harry Hite manicuring his already neat-

ly clipped lawn.

**SIGHTS AND SOUNDS ALONG THE WAY** — A vacationer equipped with umbrella, beach chair, towels, portable radio, reading matter etc., just gazing settled to enjoy the beach when forced to dash for his car by a sudden shower—tiny toddlers, their plump little tummies covered with sand as they trot along the edge of the water and the piers, now golden ripe hanging from trees all over town—the sound of a jet shrieking across the sky and the shrillish squeal of the little cars dropping off papers and the daily mail enabling one to just about estimate

the time of day as they pause, then are off again in a cloud of dust...

**Hobbies**

Beautiful crocheted bags in lovely color combinations have occupied the time of Mrs. F. O. McCoy since her two eye operations in February. Her music was her main hobby before. She had been organist at the Methodist Church since it was built in 1945-6. Now Jimi Balkstein very graciously takes over for her, but Mrs. McCoy misses it very much.

It is gratifying to note how many of our young people are sincerely interested in church work. Some 30 to 40 of them turn out on Sunday night at 6:30, coming from Lakeshore, Waveland and Clermont to the meetings of the Methodist Youth Fellowship over which Rev. Dale Lyons presides.

Beautiful crocheted bags in lovely color combinations have occupied the time of Mrs. F. O. McCoy since her two eye operations in February. Her music was her main hobby before. She had been organist at the Methodist Church since it was built in 1945-6. Now Jimi Balkstein very graciously takes over for her, but Mrs. McCoy misses it very much.

It is gratifying to note how many of our young people are sincerely interested in church work. Some 30 to 40 of them turn out on Sunday night at 6:30, coming from Lakeshore, Waveland and Clermont to the meetings of the Methodist Youth Fellowship over which Rev. Dale Lyons presides.

# THE SEA COAST ECHO

Combined With THE WAVELAND ADVOCATE

Published Thursdays at 112 S. Second St., Bay St. Louis, Miss. P.O. Box 230, Bay St. Louis, Miss. Phone HO-7-5474. Powell Glass, Jr., Publisher. Joan deSardon Glass, Managing Editor. Subscription Rates: Hancock County \$2.00; Elsewhere in the United States \$3.00. Year of Publication: Member: Audit Bureau of Circulations, Mississippi Press Association. Licensed as second-class matter at the Post Office at Bay St. Louis, Miss. Under the Act of March 3, 1879.

## Say Why

In the Echo last week a story dealing with that week's actions of the county school board mistakenly said it accepted the low bid on new school bus chassis. Naturally we regret this error, particularly as the bid accepted was some 15 per cent greater than the low bid, but that is not as important as another factor involved.

Under the circumstances the school board and all similar bodies are required by law to accept the lowest and "best" bid. While usually the lowest bid is for that reason the "best" bid, factors other than price may sometimes make a higher bid the "best". When such is the case the public body should accept the higher bid.

However, when this is done, since the public's money is involved, we think the public is entitled to an explanation of the reasons why the seemingly more expensive course of action was taken. In addition, when no reasonable explanation is given the public, it is understandable that many will question the motives of members of the board.

We strongly suggest, even urge, that when similar occasions arise in the future, and certainly some will, the board members favoring the highest bid go on record and set forth their reasons. Otherwise they may find their reputations under a cloud.

## Little League Our Readers Write

Editor, Sea Coast Echo:

I have a son playing in the Little League, think the sponsors should be commended for running it, hope they will continue to do so but wish more of them would come out more often and watch their teams thereby showing support for the boys.

I also wonder just how players were assigned to some of these teams. At a league game asked Mrs. Tidbury, who is in charge, how the teams get their particular players and she told me that last year each team started with 5 each of ten, eleven and nine year olds. I wasn't satisfied as one team had one yr. old from last year and the rest were all almost 12 and 13 years old.

I asked Mrs. Tidbury if some two years in a year and she told me if I didn't like it I could be my son out of the league. She was said in front of a group of people. If I'm right I am owed an apology and I'm wrong I owe Mrs. Tidbury one, but I want to know what is

into twice and was being used while the people were in town. It's not right we didn't have some kind of protection out here—not even a deputy out here to call in. They will come out in broad daylight over neighbor's quarreling but not anything more important.

A WIDOW, ALONE  
Clement Harbor  
P. S. Where's the crime expert the county hired to solve the murders of Hancock citizens? Why not try and prevent one before it happens. Homes are being destroyed, people report it, but nothing done.

(EDITOR'S NOTE - We suspect our reader is incorrect in one detail. The crime expert referred to we feel sure was the one hired by the sheriff for assistance in particular cases and was not hired by the county for general use. We hope the lady's other conclusions will prove also to be misunderstandings.)

I know Mrs. Tidbury is busy, I wish she would make a once place to meet with me, with an reporter present, and prove team had the same aged boys as the other. Perhaps she can also easily when all other teams to draw for new boys as they did this year, the one older, was given without drawing in the team that already had the boys.

MRS. E. YARBOROUGH  
EDITOR'S NOTE - The Echo appreciates, thank gods, but, the last time up what may be the best will be glad to a representative meet with the team that already had the boys.

## Make That Dream Come True

It is our experience with many customers that they make and save money for many good reasons.

Once upon a time people saved money primarily to meet emergencies, for security in their old age or for that inevitable rainy day.

Most of our thrifty friends now save for some more specific purpose, not only for that rainy day, but that they may also enjoy the sunny days more fully. There are thrifty ones who save for the sheer fun of it.

A little extra money is saved up for a trip, to buy some luxury, to be able to afford something one has long wanted. Many save money to help provide an education for their children. There are those who sacrifice something of the present that they may enjoy some future comfort or pleasure more abundantly.

Put some purpose behind your resolve to save money, and it no longer becomes a burden. After all, life is not an experience through which to suffer, but something to enjoy.

Among the happiest people are those who strive and save with an objective. The pursuit of happiness is a pursuit with purpose. Among our most cherished freedoms is the freedom to put by a part of what we earn to use for something we think worthwhile.

Saving just for the satisfaction of piling it up is peculiar to the greedy and the miser. Though thrift is a virtue, saving money is not an end in itself, for it is as important to know how to spend money as how to make it. After all, we can't take it with us.

Surely you have some cherished dream that you would make real if you had the money. Why not save for it by opening a savings account in mid-1961? Savings accounts opened by July 10 will begin bearing 3 percent interest as of July 1.

Let us help you make your dream come true while you are still around to enjoy it.

We Thrive On Thrift

## Kilm Youth Center Gain Playoff Slot

Kilm Youth Center Wednesday night moved into a fourth place tie with two other teams for the right to make the playoffs by defeating Krantey's in a wild upset, 9-8. In the nightcap of the twin bill, Trapani rolled over the Knights of Columbus to stretch their winning streak to twelve games.

Kilm had to come from behind to win, scoring six times in the ninth inning to erase a five-run lead of Krantey's. After Krantey's tied the score in the top of the sixth, Kilm scored once in the last of the sixth and held the opposition scoreless in the seventh.

Alton Ladner went all the way in the mound for Kilm and C. J. LaFay and Rev. Vernon Dannerman led the assault, each belting a triple.

Trapani had little trouble winning in 10-3 triumph over KCs. Claude Yarborough was the winning pitcher. A victory would have pushed the KC's into a fourth place tie with Kilm Youth Center, Krantey, and Coast Electric, but the loss placed them a full game behind the other three.

Southern Realty and Reimke did tight to their second and third positions with Monday night victories. Reimke beat the Old Stars 10-9 while Southern Realty beat Coast Electric 8-3.

Reimke blew a six-run lead, but scored in the bottom of the ninth inning to spoil the Stars' attempt for their first win of the season.

Reimke scored once in the abstaining Voting.

## New Rt. 603 Bridge Due in 8 Months

The new bridge over Bayou La Croix on Rt. 603 is expected to be completed in about eight months, according to Beat 4 Supervisor James Neceuse.

Meanwhile, since July 18, motorists travelling the road leading to Kilm have had to detour around a six and a half mile stretch on Bayou La Croix Road.

The old bridge was demolished last Friday.

Grady Perkins sought board approval of an athletic program for all children of the county citing a New Orleans newspaper article's condemnation of the decline of physical fitness in this country in recent years. He asked for a physical checkup of the county children which would classify them into various categories of physical fitness. Gex advised the board could endorse such a Youth Fitness Program, but would be unable to finance it as the children could not be re-tarded ones necessarily.

Ed P. Oren and Leon Favre asked board permission for use of the old Kings Daughters Hospital on Carroll Ave. for use as a temporary school for the students of the Hancock County Assn. for Retarded Children.

They were reminded they would have to seek approval from probably the State Board of Education on fire regulations since the building is a wooden one.

Permission was granted on a temporary basis because of the short period left before school opens in September.

### On Extradition

After fighting extradition from Oslo for almost a year, Kristian Ohre, 50, was denied a writ Monday by a Norwegian court which decided he should be handed over to U. S. authorities

for questioning in connection with the June 1960 robbery of the Hancock Bank in Pass Christian.

Ohre, who has a record for bank robbery in Norway, can make a last ditch appeal to the appeal board of the Supreme Court there but it was not learned whether or not he would.

An American citizen, the man is suspected of having held up the bank June 14. Missing was \$39,000 in cash and \$10,000 in traveler's checks.

# QUESTIONS AND ANSWERS

## About The Proposed Bond Issue

**Question:** What is the purpose of this \$300,000 Bond Issue?

**Answer:** To purchase land and erect on such land a building of approximately 50,000 square feet capacity and capable of housing the Enameling Division of Industrial Electric Company.

**Question:** Will this Bond Issue increase my taxes?

**Answer:** Definitely not; The Industrial Electric Company has contracted with the City of Bay St. Louis to pay an annual rental in advance in an amount that will retire the bonds as they come due, pay the interest on the Bonds and even pay for the election to consider the Bond Issue.

**Question:** Will this proposed plant provide any employment to local citizens?

**Answer:** Definitely yes; Initial employment will be between 90 and 100 -- some 40% unskilled, 35% semi-skilled and 25% skilled. This department of Industrial Electric now operates a plant of this nature in New Orleans and probably will bring a nucleus of employees with them, but it is anticipated the majority of the 90 to 100 employees will be local citizens. It is estimated the payroll for this concern will be approximately \$350,000 annually.

**Question:** Who owns the plant?

**Answer:** The City of Bay St. Louis will have and will keep title to the plant and land on which it is built. After the bonds are retired by the annual rental paid by the occupant, the City may then rent the plant to the occupant or a successor.

**Question:** What other expense will the City incur to bring this plant here?

**Answer:** A water well will be drilled. This not only will fill a need for additional water supply in the South Bay area but will produce revenue in that the contract calls for the water used by the plant to be metered and charged for accordingly. A gas line will be extended to the plant, but this too will be a self liquidating investment just as is gas supply now provided to other businesses in the City. In addition the City will provide an access road.

**Question:** Will this plant be dirty and spill out soot and ashes through its smokestacks?

**Answer:** No; The plant, now located on Magazine St. in New Orleans, is close to residential and business areas and has not proven objectionable. The plant to be built here will not have smokestacks, and will not create objectionable soot, dirt or spill out.

**Question:** Exactly what will this plant manufacture?

**Answer:** The manufactured product is porcelain enameled metal structural panels. These are used as facings of buildings, - sold throughout the United States, and fast becoming a factor in modern, multi-story buildings. (Note: Samples of these panels are on display at business houses throughout the City).

**Question:** Does the City have the "go-ahead" sign from the BAWI Board on This Bond Issue?

**Answer:** Yes - the City has received a Certificate of Convenience and Necessity and the authority to proceed with this election.

**Question:** When is the election?

**Answer:** SATURDAY, AUGUST 12TH, 1961.

**Question:** Who can vote?

**Answer:** Any qualified voter of Bay St. Louis.

**Question:** What total vote is necessary to approve this proposal?

**Answer:** A majority of the qualified voters must vote; - two thirds of those voting must vote YES - in favor of the proposal.

**Question:** What are the prospects of this plant expanding?

**Answer:** Mr. E. M. Brignac, President of Industrial Electric, told the Organization Committee that if the people of Bay St. Louis indicated they wanted his firm here, he would seriously consider bringing another department - the Plastic Sign Department - here soon. This too is a rapidly growing plant, ranks in the first ten of its kind in the U. S. and together with expected expansion of the enameling plant could foreseeably employ 250 people in five years.

**Question:** What can I do to help get this plant to move to Bay St. Louis?

**Answer:** Vote and vote YES on August 12th and consider yourself a Committee of one to get other qualified voters to do likewise.

The parade which officially opened the Elwood Memorial Park Fund Rodeo drew a large crowd of spectators as it began in Biloxi at 2 p.m. today, proceeding through Gulfport, Bay St. Louis, Waveland ending up appropriately at Elwood Park. Among girls vying for the title of rodeo queen are Sybil Taffe of New Orleans (she's one of the Rebel Riders of the Lazy Y and

The queen will be presented with her robe, scepter and crown on Friday night at the Lazy Y Arena.

Let's check up on some summer doings among the younger set—Kenny Develle and Marie Treilles seem to have found interests on Coleman Ave. in the form of summer visitors Sybil Hite and Gwen Saucier, both of New Orleans. Jay Lagasse is still working diligently at Havertys. Joe Ann Smith and sister, Pam, are assisting mamma in her shop. Elaine Davis spends most of her time at the beach, as do Christy Torgerson and Karen Lewis. Twins, Liz and David Dahlgren are enjoying the summer at their vacation home on Gordon St. Cheryl Seuzeneau has a new breakfast menu—ice cream—(ugh)—Budie Wilson and Freddie Bourgeois are toiling for the Town of At Yacht Club

Paul O'Donnell, who now lives in New Orleans, dropped in on some of his Waveland friends last week. Linda Munch, Gretchen and Caroline Zeigler, Dianne Hunter and boys from both Camp Stanislaus and Holy Cross are among the many enjoying the roller rink almost daily—Mary Lou Herlihy, J. D. Bourgeois, Cuddy Bourgeois, Jane, Charles and Gene Ferry and their recent visitors from New Orleans, Marilyn Carter and Gerry Weigand are all bowing enthusiasts.

Dianne Dickson has been doing quite a bit of sewing during her vacation. Rheta and Alicia Glass are the latest to succumb to the current go-cart craze. Daughters, Paula and Cathie report a fabulous time in the capital city of Washington—they've toured the Library of Congress, climbed the Washington Memorial, (all 555 feet of it) - visited Senator Stennis in his office and procured special passes to the White House, among other bits of sight-seeing.

## Pennies Swamp Oilers

The Merchants Bank Little Pennies rallied for 10 runs in the top of the third and final inning to defeat the Cue Oilers 11-1 in Little League activity Tuesday night. The Little Pennies also won last Thursday 6-3 to take a 4-1 lead in their series.

Tuesday's contest was tied 1-1 going into the final inning, but, although not getting a base hit, the Pennies used nine walks and three errors to score their runs.

Gene Estapa went all the way on the mound for the Little Pennies, the distance being cut to 2 1/2 innings because of a time limit. David Joe Kidd, a left-hander, started for the Oilers, and was replaced in the second inning by Donnie Caldwell. Frank Wheat took over in the third and in turn was relieved by left-hander Raymond Stephens. Gus Collier later relieved Stephens and struck out the only two men he faced to retire the side.

Estapa allowed no hits, walked only two and struck out three in getting credit for the win. Among them, Kidd, Caldwell, Stephens, Wheat, and Collier gave up no hits and struck out nine, but walked 16 Little Pennies.

Carl Ladner pitched the Little Pennies to their Thursday win, 6-3. Timmie Gianelloni started on the mound for the Oilers and was the loser, being relieved by Frank Wheat.

## Sheriffs Regain 1st

After hitting by Larry Jacobi, the no-hit pitching of Danny Krankey and the Junior Sheriffs in a 17-1 triumph Tuesday over 7-Up, and enabled the Sheriffs to replace 7-Up in the 1961 year division of the Little League. Kent's Little Diggers broke a five-game losing streak Wednesday when they defeated the Coast Electric-Kids 9-7.

7-Up drew first blood in the top of the first inning, scoring their lone run without a hit. Al Jacobi was hit by a pitched ball with the bases loaded to account for the run. The Junior Sheriffs came back in their half of the first, however, to score six times, highlighted by a grand-slam home run by Larry Jacobi.

In the second, six more runs crossed the plate for the Junior Sheriffs. A two-run line single by second baseman Jimmy Lolasano sparked the rally, but four 7-Up errors in the inning also aided the cause.

Jacobi led a third inning rally that scored five runs. He tripled to drive in two runs, then scored himself on an error.

Krankey survived a shaky first and retired the side without
